SPOTLIGHT ON FACIAL REJUVENATION

BOTOX® COSMETIC

This simple and safe procedure takes only minutes and requires no down-time. **Botox injections relax the muscles that cause lines to form on the forehead, between the eyebrows and around the eyes.**

Dr. Schlessinger offers a non-surgical brow lift, using Botox, to create an eyebrow arch that diminishes forehead lines, while preserving natural expression. Known as the “**Schlessinger Arch,**” is has become one of our most requested lunch-time procedures.

Results can be seen within a few days and can last 3-6 months.

MICRODERMABRASION

IMMEDIATE RESULTS FOR TIGHTER, GLOWING, MORE BEAUTIFUL SKIN.

Treatments for the face, neck and eye area **combat the visible signs of aging** and **sun damage, reduce the appearance of enlarged pores** and **diminish fine lines.**

Following treatment you'll see an immediate vibrant 'glow' to your complexion which gives way to an overall rejuvenation of your skin's total health.

PHOTO REJUVENATION

Fluorescent pulsed light is used to effectively treat:

- AGE SPOTS
-
- FRECKLES
-
- SUN DAMAGE
-
- BROKEN BLOOD VESSELS
-
- IRREGULAR SKIN PIGMENTATIONS

Treatments promote **SMOOTHER SKIN** restoring a **YOUTHFUL, REJUVENATED APPEARANCE** to face, chest and hands.

THIS IS A LUNCH-TIME PROCEDURE WITH NO DOWNTIME.
